

Dunsfold Neighbourhood Plan Call for Sites

for potential housing, commercial, leisure and community development

Background

We recently wrote to you about the need to build more housing in Dunsfold (in addition to that proposed at the Aerodrome) and the Parish Council's decision to produce a Neighbourhood Plan. The Neighbourhood Plan offers the residents the opportunity to work with the Parish Council to guide the future development of Dunsfold. The first stage in producing this Plan is to identify the sites in the Parish of Dunsfold that are available and potentially suitable for housing, commercial, leisure and community development.

Call for Sites

If you know of a site which you would like to put forward for our consideration, whether or not you are the landowner, you must complete our 'Call for Sites' form.

The form can be downloaded from the village website via the following link:
<http://dunsfoldvillage.uk/neighbourhood-plan/>

Alternatively hard copies of the form are available by post from the Parish Council Office: phone 01483 200980 or email nhp@dunsfoldvillage.uk.

Please return a completed Call for Sites form **together with a location** plan to the Dunsfold Neighbourhood Plan Steering Group:

- by post at Unit 3, The Orchard, Chiddingfold Road, Dunsfold, Surrey GU8 4PB
- by email to nhp@dunsfoldvillage.uk

by 15 January 2018

Completed forms and plans can still be submitted after this deadline and may well be in time to be considered by our technical advisers, but this cannot be guaranteed.

If you know a landowner who owns a potential site but does not live in Dunsfold and therefore may not become aware of this Call for Sites please let us know.

Any queries on this Call for Sites to Richard Woof: preferably by email to email@richard-woof.com or phone 01483 201111.

What happens next

Once the information has been analysed, we will get back to you for your views. This is a key part of the Neighbourhood Planning process - letting you have a say about the proposals.

We will also shortly be carrying out surveys of the housing and business needs of the village to establish the amount and type of new development needed.
